

# Motorcycle QUICK-CRATE®

1

Load Motorcycle via ramp

2

Strap down to base

3

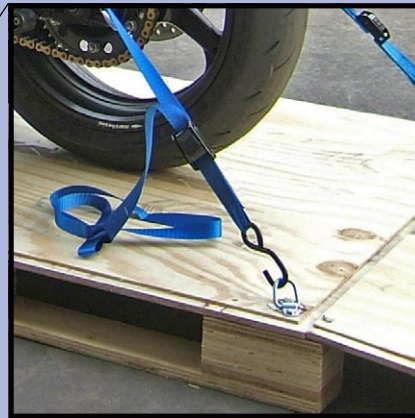

Assemble crate around motorcycle

4

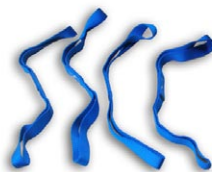

Quick-Crate is ready to ship!

Motorcycle Quick-Crates are constructed with the same Quick-Crate system which allows them to be very easy to load and assemble in 3-4 minutes, while still providing maximum protection during shipment and/or storage.

## Each Motorcycle Quick-Crate features:

- End panel that doubles as a loading ramp
- 4 soft-ties to attach to bike
- 4 tie-down straps to anchor bike to D-rings in each corner
- Front tire cradle to prevent movement

4 soft-tie straps

4 tie-down straps

Front tire cradle
